**WHAT PLACES HARMON WITH**  
**MERCURY**  
That's What You May Do If You  
Take Calomel, Because Calomel Is  
a Form of Mercury.

If you ask a druggist for bi-chloride of mercury he will give it to you in a red label bottle marked Potass. Calomel is also a chloride of mercury, so your doctor will tell you and, as everybody knows, mercury is a poison.

When you think you need a dose of calomel, instead of whipping your liver up with the mercury it contains go to a drug store and pay fifty cents for a bottle of Dodson's Liver-Tone, a pure vegetable liquid that starts the liver to action just as surely as calomel does and is perfectly mild and harmless, with no bad after-effects. No restriction of habit or diet is necessary.

Dodson's Liver-Tone gives such perfect satisfaction in curing constipation and torpid liver that Dix Drug Company will give the money back to any person who tries it and does not find it a perfect substitute for calomel.

**REDUCED TO 75¢ DOLLAR**  
Dixie Had Our Opinion of Marriage  
as Business Transaction, But Par-  
son Got His Fix.

The Rev. L. B. Bates long associ-  
ated with the East Boston Bethel tells  
in his Wonder Book of an amusing  
marriage ceremony performed by  
his father. This is his account of it:

About nine o'clock one night the  
old parsonage on Cape Cod was ap-  
proached by a man and a woman in  
a one horse shay. Hearing the  
wheels, Father Bates went to the door  
to see coming up the walk a buxom  
lady of two hundred pounds or so,  
followed by a very little man.

With a giggle she announced:  
"We're come to be married, parson,  
haven't we, Bill?" An energetic  
noise succeeded in eliciting the de-  
sired affirmation from Bill.

The parson exclaimed the license  
and proceeded to business.

"Please join your right hands, he  
said. Dearly beloved you are gath-  
ered here for the purpose of mat-  
rimony. Do you— but he was here  
interrupted by the bride.

"Sax person, before you go any  
further would you mind taking your  
boy in dried apples?"

Being assured that dried apples  
were current coin with persons she  
allowed him to proceed.

"Madam, do you—but again he  
was interrupted.

Sax person the apples are not  
ripe yet, but you shall have them  
without fail."

He assured her that her honesty  
was appreciated and proceeded with  
the ceremony without further inter-  
ruption.

Two months later a bushel of the  
best dried apples was hauled by the  
bride herself to the parsonage door.

"I don't know as he was worth it,"  
she said with a twinkle in her eye,  
but a bargain is a bargain for all  
that—Yonba Companion.

#### END OF AN OLD SUPERSTITION

Height of Present New York Buildings  
Discourages Youngsters There to  
Seek Fortune

Said a New York octogenarian:  
The height of buildings in New  
York has dealt a death blow to an old  
superstition that animated many a  
country youth who came here to make  
his fortune 60 years ago. Heaven  
knows how they came by the belief  
but most of those up-state boys came  
to the city thinking that if they could  
rent a room over a house they took a  
chance at the first try that the house  
would be theirs some day.

It was one of my current conditions  
and I put it to a test immediately after  
arriving for my first meal in New  
York. The only money I had left was  
an old fashioned three cent piece. With  
that in my hand I walked around look-  
ing for a desirable piece of property.  
Pretty soon a corner lot on which  
stood a two-story-and-a-half brick  
house took my eye.

I had practiced coin throwing in  
the country so I let my three cent  
piece go for it was worth over the  
front of the house and ran around to  
the back to see where it landed. It  
went clear over I knew then that that  
house and lot would be mine in due  
time and sure enough they were. Peo-  
ple don't wear fortunes like this  
these days. The fellow whose success  
depends upon tossing a three cent  
piece over the Singer building would  
be in a pretty bad fix.

Well he peeked with whatever the  
Madrid girl she is to him, cut  
off the cob, ate it found out how  
hot she was and the other evening  
at dinner at the club she tried to eat  
the corn from the cob. Briggs noted  
this and spoke of it privately but just  
then the girl slipped the cob  
right into onto Briggs' shirt  
bosom the plate added the grain  
had went over and ate the ear of  
corn she'd swallowed themselves danger-  
ously near the garment corners of that  
very stout Mrs. Sims iron Mint.

And what did Briggs do?

He got up game. He called  
the waiter handed him the cob and said  
"I rammed this corn popped  
from the plate just now. I didn't  
order popcorn. Bring the usherette from  
the corn and make it cobless please."

Curious Annamese Customs  
Miss Gabrielle M. Vassal, the wife  
of a French doctor who was attached  
to the Pasteur Institute of the Sia-  
Trang, a little village on the coast of  
Annam relates some of her expe-  
riences. When the old Indian  
rived at Sia Trang they were re-  
ceived by the native servants who  
saluted and squatted on the floor  
for a long period this being their  
method of greeting. Europeans, men  
and women hold their hands  
all above the table, never in  
its top. Men and women dressed  
alike wearing trousses and tunics  
and women on the way to market with  
their baskets always walked in single  
file.

**TAKE CARDUI** The  
Woman's Tonic

Cardui is successful because it is made especially for  
women, and acts specifically on the womanly constitution.  
Cardui does one thing, and does it well. That explains  
the great success which it has had, during the past 80 years,  
in helping thousands of weak and ailing women back to  
health and happiness.

If you are a woman, feel tired, dull, and are nervous,  
cross and irritable, it's because you need a tonic. Why not  
try Cardui? Cardui builds, strengthens, restores, and acts  
in every way as a special, tonic remedy for women. Test  
it for yourself. Your druggist sells Cardui. Ask him.

## No Estimate Made As To Result of Hold Up

**N**AVINNAH, Ga., Dec. 13.—The officials of the Atlantic Coast Line Railway are of the opinion that the men who held up train No. 80 of that system on Tuesday morning were professional train robbers. It is said that they knew the "lay of the land" too well not to have studied the situation intently. Two men answering the descriptions of those who did the work have been riding frequently between Hartsville, where the hold up occurred, and Savannah. It is stated:

"The robbery was well planned. It is certain that how it is done, it will be not known and always never will. The government reports that fifty-five registered packages all unopened when the men did the hold up, though they contained is not known."

"The detective of the system are still working on the case and expect to find the fugitive in the course of a few days. They offer a reward of \$500 for news with proof to con-

Two hours before the shooting

Pinney gave his son a number of letters and papers, impressing their importance upon the boy. Most of the letters were written to "Mrs. Marie New Pinney," and signed "A. B." An accompanying letter declares the writer to have been "A Briggs."

### L. S. MINY CHAPLAIN CHARGED WITH EXCLUSIONS

Junction City, Ky., Dec. 12.—The  
Army office at Fort Riley said to-  
night the Federal authorities had  
under observation several persons  
implicated in the recent dynamiting  
explosion at Fort Riley and that ad-  
ditional arrests might be expected.  
It was said the persons under ob-  
servation are prominent.

The investigation has been going  
on some time but it was not until  
yesterday after the Rev. Charles W.  
Brewer, former army chaplain at  
Fort Riley but now pastor of a  
church at Okla. and Mrs. Anna Jordan of Kansas City had  
been arrested that Colonel E. B. Hoyt,  
Commandant at Fort Riley gave  
out the confession of Private Albie  
Quirk. Quirk in his confession said he did the dynamiting at the  
institution of Brewer who sought  
revenge because he had been court  
martialed and discharged from the  
army for conduct unbecoming an officer.

United States Commissioner Chas.  
Hall today stated that Brewer had  
been arrested at Okla. and was  
being held for United States war  
crimes. Mrs. Anna Jordan of Kan-  
sas City also implicated in Quirk's  
confession was arrested today in  
Kansas City following a telegram to  
the police.

Quirk in his confession which  
was made to Col. E. B. Hoyt, 6th Field Artillery, Commandant at Ft.  
Riley, said he blew up the bridge  
across the Kaw River June 24 last, that the state delegation to the na-  
tional convention will give him its  
full support.

If the Republican party cannot  
win with Taft it certainly cannot  
win with anyone else.

was made to Col. E. B. Hoyt, 6th Field Artillery, Commandant at Ft. Riley, said he blew up the bridge across the Kaw River June 24 last, when twenty-five cavalry horses were burned to death. He said also that he blew up the water main which supplies the post with water.

Brewer the instigator  
Quirk declared he committed  
these crimes at the instigation of  
Brewer who sought revenge because  
he had been court martialed and dis-  
missed from the service for conduct  
unbecoming an officer and a gentle-  
man.

Mrs. Anna Jordan implicated by  
Quirk is the wife of a convict in the  
federal penitentiary at Fort Leaven-  
worth. She was arrested before  
several months ago for aiding her  
husband to escape from the guard  
house. He was recaptured and sent  
to the Federal prison. Mrs. Jordan  
was released.

Quirk in his confession alleges  
he met the former chaplain and Mrs.  
Jordan in an automobile on the  
road between Junction City and Ft.  
Riley. He said Brewer told him  
they were on their way to blow up  
the bridge and asked him to go  
along. Quirk said he placed the ex-  
plosive.

Quirk has been in the guard house  
on suspicion of connection with the  
explosion for nearly a month. Last  
night he went to Co. Hoyle and made  
the confession.

Much Property Destroyed

Explosives and other items within  
six months have destroyed Govern-  
ment property valued at \$600,000.  
A U.S. ten-ton howitzer in the national  
guard armory was blown to pieces  
with a loss of \$2,000.

Sixty-four arrests have been made  
since Quirk's arrest. There  
have been no fires.

It was said at the press conference  
that others had been implicated and that  
more arrests will follow.

Brewer was born in Alabama this  
four years ago. He became a chap-  
lain in the United States Army in  
1901. He is married and has two  
children.

TAKE YOUR CHANCE  
OF REPUBLICAN PARTY

Washington, D. C., Dec. 12.—Col.  
Harry S. New of Indiana is the newly  
elected chairman of the committee  
on arrangements for the Republi-  
can national convention. The national  
convention gave out a statement  
in answer to that made by  
Chairman E. C. of Indiana Republi-  
can State Central Committee in  
which he declared that President  
Taft could not carry Indiana in the  
election next year.

Colonel New charged that Taft is  
issuing the statement as a part of a  
prearrangement planned and says  
he knows what influences were back  
of it.

If Taft cannot carry Indiana no  
other Republican can hold New  
I am still sure in the conviction  
that Taft is the logical candidate of  
the Republican party to succeed  
himself as President. I am just as

firmly of the opinion that Republic-  
ans of Indiana believe in him and  
are for him with qualifications and  
across the Kaw River June 24 last, that the state delegation to the na-  
tional convention will give him its  
full support.

If the Republican party cannot  
win with Taft it certainly cannot  
win with anyone else.

You hear a good deal now-a-days about "guaranteed" merchandise; especially shoes.

Sometimes it's a guarantee that the shoes are made of good leather, with a lot of detail about the way they're made. Selz shoes are guaranteed to be satisfactory to you. What do you care what the shoes are made of if they're not satisfactory to you.

Sometimes it's a guarantee that the shoes shall wear a certain length of time, Selz shoes are Guaranteed to be satisfactory to you. What difference does it make how long they last, if they're not satisfactory. The longer dissatisfaction lasts, the worse off you are.

Selz shoes are guaranteed to be satisfactory, and that means your satisfaction, not ours or Selz. It means good leather of course, poor leather wouldn't be satisfactory. It means long service, of course a shoe that wears out too soon isn't satisfactory. It means correct style and fit you wouldn't be satisfied with anything less.

writer in Scribner's Magazine. Do  
gives to Be the Extemporaneous  
Element in Music.

The wandering piano player of  
Hemlockian blood, a genuine  
com陪物, bought much a new  
charm the charm of the unexpected  
of the improvised. The freedom of  
Beethoven in his later works and of  
Clouds in all his music became the  
principal factor in the style of Liz  
Mizzi must have the shape of an im  
provisation.

In the Hungarian Chapelle the  
majority of which begin in a major  
and always end in a minor, the  
extremes of his system. His or  
inal and vocal work in the 19th c.  
planned the masses and oratorios and  
symphonic poems are full of rhythmic  
poetic feeling, religious spirit, and  
largeness of accent and motion. Yet  
the great piano and organ works  
lie behind many a piano or organ  
man. Apart from his invention of a  
new form, or rather the condensa  
tion and reversion of an old one—the  
symphonic poem—Lizzi's greatest con  
tribution to art is the wild temperament,  
the radical extemporaneous element he in  
troduced into modern music. Nature in  
her most untrammeled mode he inter  
preted with fidelity. But the drum  
mers in the line of moral gasoline  
who controlled criticism in Germany  
refused to see that, except as an ex  
piano virtuoso. A purveyor of art

## BEWARE OF THE APPLEGACK

Grave and Dignified Jurist the Vic  
tim of Pleasant but Deceitful

Beverage.

One of New York's judges took a  
little vacation not long ago. He  
had a friend who owns a country  
place in New Jersey. The friend had  
a prime old New Jersey Apple  
Jack. "I got a bit on edge with that  
stuff," said the Judge. And then  
he roused up as I believed. Three  
days afterward I brushed my hair in  
the darkness of midnight. Sunday  
school. Before I could get the brush  
away from my head I was nothing  
fresh.

It was during the pleasant evening  
with the Jersey friend that the Judge  
escaped from the house. And you  
knowing from the orchard next by  
grubbed the searchers to him. They  
led him back to the house and sick

suggested that he go to bed. The Judge  
agreed, but insisted upon telling  
his experience. "The trees were  
bowing and waving their arms said  
he, and the wind sang through the  
branches and the scent of flowers  
was in the air. Sometimes the trees  
changed places with each other. Now  
in front of me with their backs

None of 'em hurt you, Judge."

"No sir," said the Judge, solemnly.  
Never in my life did I go out with a  
liver punch of trees."

### Repeated Sermons.

The pronouncing over the repetition  
of sermons is not universal. A good  
book requires reading and a good  
sermon should be all the more valuable  
on second hearing. Dr. John Watson  
(an Methodist) recently reproached  
his sermons when minister of Boston  
Park. I went and found that his  
congregation approved of the practice.  
They insisted, however, that the  
repetition should be exact and were  
impatient of variations. In his life  
of the preacher novelist, Sir W. H. Hudson,  
Schott tells how on one  
occasion after listening to a repeat  
ed sermon, in which occurred a  
simile of a pool of water the牧師  
said to Dr. Watson: "I find that  
you described it as aburgh pool, and I  
was so afraid you were going to use  
some other adjective, and that would  
have spoiled the whole picture,  
so thankful was I when you saidburgh!" again.

### Smile Counts.

Every one likes to see a smiling  
face and to smile. Accordingly, one  
must cultivate a cheerful and sympathetic  
condition of mind. The face  
wreathed in smiles is like a perpetual  
sunbeam in a chamber. It is irresistible  
and conquers all hearts. A smiling  
woman loses half its charms if the eyes  
are the windows of the soul, and the  
smiles that bear only about the lips  
are dead eyes. It is like an indifferent  
spirit in a galaxy, and diffuses the world.  
Observe the art of smiling not with  
your lips but with your eyes. Every  
one can have laughing eyes. They  
are not a matter of inheritance, nor  
can they be acquired with the aid of  
the massageur and the professional  
beauty specialist. Love is a great  
transformer. The sterner features  
may be softened the hardest natures  
humanized by love.

## SOME EXCUSE FOR MULES

But Ranch Hand Had Poor Opinion of  
Any Other Living Thing That  
Made Same Mistake.

"Recently," writes attorney Earl B.  
Bartlett of Humertown, Yuma county,  
Arizona, I was obliged to remain at  
a primitive southern Arizona ranch  
over night, and at about dusk I was  
given a quilt, a clean sheep, and a pillow  
and told to take them to the top of  
the 20 foot alfalfa stack and make up  
my bed. Knowing the condition of  
the country I did not murmur and  
climbed the pole ladder in amid the  
night. I never enjoyed a better night's  
rest at any hotel. At early dawn I  
rashed my head and saw two yearling  
mule colts feeding at the edge of the  
stack. We exchanged glances for a  
moment, while the mules ears showed  
been astonished. Suddenly I rose to  
my feet, and in doing so the white  
sheet clung to my shoulders whereupon  
the colts bolted down the lane as if the  
Angel Gabriel were descending  
to ascend to celestial paradise. While at the breakfast table  
I related the incident, which was much  
collected, but no remarks were made at  
the time. As one of the ranch hands  
was passing out of the door he said in  
a subdued but distinctly audible voice  
that it was the first time he had ever  
heard of a lawyer being mistaken for  
an angel, and nobody but a mule would  
have made such an error."

### Comparison.

Your investigations said the am  
ateur with the camera remind me of  
my results in photography.

"Clear cut and precise."

No such a lot of exposures that  
don't develop anything.

### Excellent Cough Remedy.

A good old fashioned cough remedy  
is made of slippery elm sugar and flux  
seed. Boil a gill of whole fluxseed in a  
half pint of boiling water. In another  
dish put a cup of broken bits of slippery  
elm and cover this with boiling  
water. Let them stand for three hours  
then strain them separately through a  
thin cotton cloth into a pan containing  
a pound and a half of granulated sugar.  
Squeeze out all the liquor possible and  
stir into the sugar until all is melted.  
Now boil it until it turns to candy.  
After it has cooked ten minutes add  
the juice of two lemons. When can  
died turn out into a well greased pan  
and mark into squares before it hard  
ens. The children like it.

Good men love less their attractions  
than the office seeker than the  
day is cut into the quick.

Nearly any man will accept an  
invitation to take a trip on a private  
car.

Travel wouldn't be so disagreeable  
if it were not for the open cards  
sent to the people back home.

## A reduction that means saving money in cloth

My Stock of Clothing was bought expecting 15c cotton and cold weather. We are having 7 and 8c cotton, and warm weather. This condition makes it necessary for me to reduce these goods to selling point. Considering that the stock is all new and well selected, I think that 25 per cent reductions in all clothing, overcoats and boys clothing, will move them.

### For instance look at these prices.

#### HOLIDAY COOKERY.

The time will soon be here when it will be necessary for us to look up old family recipes and prepare for festive holiday season.

First cakes may be made weeks before hand and are better for their age. Fruit Cake—Take two pounds of raisins, a pound of currants half a pound of sultanas, four cups of brown sugar, two cups of butter a cup of molasses, eight eggs, two teaspoonsful of soda, a half cup of grape juice five cups of flour, the grated rind of a lemon, two teaspoonsful of cinnamon, a teaspoonsful of cloves, and also one of nutmeg. Beat the eggs and add the flour last giving a thorough beating. Put in a slow oven for the first hour and a quarter then increase the heat to brown the cake.

Fruit Wafers—Take a cup each of raisins, dates, figs and nuts put through a meat chopper. Work and mix together with a little lemon juice then roll out on a board dusted with powdered sugar. Cut in diamonds and pack in powdered sugar in boxes with waxed paper between.

White Fruit Cake—Take a cup of sugar, three tablespoonsfuls of butter half a cup of milk, one and three-quarters cup of flour, the whites of three eggs, two teaspoonsful of baking powder, half a cup of shredded almonds, a cup of raisins, half a cup of shredded orange peel, a cup of shredded orange peel, chip peeled very fine. Bake in a moderate oven for one hour (then increase the heat to brown the outside). This cake is best three weeks old.

Orange Icing—Take the rind of half and the juice of a whole orange fill the cup with hot water, add a teaspoonful of lemon juice two tablespoonsful of cornstarch, pinch of salt the jam of two eggs a third of a cup of sugar and a tablespoonful of butter. Cook until smooth and the starch is well cooked. When cool spread on the cake for filling. For the icing soak the grated rind of a large orange in three tablespoonsfuls of lemon juice, squeeze through muslin and add powdered sugar to the juice until thick enough to spread.

THE WINTER BERRY.

In cooking cranberries it is well to remember that they should never be put into a tin dish. Either agate or porcelain dishes should be used.

Cranberry Conserve—Extract the juice from an orange then cover the peeling with cold water and cook slowly until tender. Scrape out the white bitter part and cut the peel into narrow strips with the scalding iron and a half cup of raisins.

Simmer one and a half cups of raisins until tender add the orange peel and the juice and a quart of strawberries. If needed, add more water to make a cupful of liquid. Cover and cook for ten minutes or until the berries are done. Then add two cups of sugar and simmer until thick.

Cranberry Trifle—Cook a quart of berries with one pint of water until the berries pop open, run through a sieve return to the fire and add one pound of sugar. Stir until it is dissolved then let boil two minutes and cool and beat until light with a wire egg beater then fold in the stiffly beaten whites of two eggs. Put in a glass dish and serve. Cranberry shortcake and cranberry pie are old favorites for dessert.

Baked Apples With Cranberries—Select large perfect sweet apples, remove the cores and fill the cavities with thick cranberry jelly. Set the apples in a pan of water in the oven and bake until the apples are done. Put each apple in a glass sauce dish and serve with whipped cream.

Cranberry Roll—Cream two table-spoonsfuls of butter. Add a cup of sugar a half cup of cold water and two cups of flour sifted with a table-spoonful of baking powder and a dash of nutmeg. Beat until perfectly smooth then add another cup of flour and roll out the dough to an inch in thickness, spread thickly with jam in jelly roll up closely pressing the edges together. Lay on a plate and steam for three hours. Cut in slices and serve with cream.

Granberry Roll—Cream two table-

#### Individual Apple Custard

Pare and quarter six large apples, core and place on the fire with three tablespoonsfuls of water. Let them remain until softened. To one-half pound of sugar add the juice of two lemons and the grated rind of one. Add yolks of four eggs mix well and beat in the apples. Place in individual custard-cups and bake. Serve with a garnish of whipped cream circled with a maraschino cherry in the center—Harper's Bazaar

#### To Keep Butter

It perfectly fresh butter is made by small rolls of two or three pounds each wrapped in fresh cloths and placed in a large jar of strong brine. It can be kept from early spring until September says Rubin Van Etten. Be sure that the butter is well covered with the brine.
